

**Westminster Woods is a Christian Camp and Retreat Center dedicated to the glory of God, providing year-round facilities for worship, spiritual growth, and recreation.**

Nestled in 400 acres of timber, the camp offers a variety of opportunities for a person to become closer to their creator.

The camp is blessed to have a modern chapel in which campers are allowed the opportunity to worship God. There are also many places for quiet reflection and small group Bible study.

The facilities at Westminster Woods are modern. The entire camp is fully heated and air-conditioned.

The dining hall/lodge has a commercial kitchen and plenty of space for campers to eat and enjoy playing games, sitting by a fire, or just visiting with each other.

The cabins are duplex style with room for 10 people on each side. Each cabin side also has its own bathroom. The newer cabins boast 2 shower rooms, 2 toilet rooms, and 3 sinks for each side!

Campers enjoy a small lake for waterfront activities. The lake includes swimming, canoeing, and paddleboats. Fishing is also popular in the lake or at other ponds on the property. The beach at the lake also offers sand volleyball and an excellent place to just relax. The camp also includes a team building course, basketball court, an octagon for gaga ball, 9-square in the air, tetherball, paintball, and open areas for games. The woods offer many trails to hike or spend some quiet time.

Westminster Woods is located approximately 70 miles east of Wichita in southeastern Kansas. The camp is owned by the Presbytery of Southern Kansas.
